STATEMENT OF FACT AND POLICY

The Commissioner of the Maine Department of Marine Resources promulgates the emergency DMR Regulation 95.06 P, Closed Area No. 22-C Cameron Point, Southport and Vicinity. This new regulation opens Indiantown Island and several other islands.

Department personnel have surveyed and sampled the area and have determined that flats and waters can be opened for shellfish harvest without threat to public health. The areas that remain closed are still subject to microbiological contamination and remain closed to protect the public health.
